I. PURPOSE

To establish the framework by which staff utilize formal disciplinary action for violation of specified major rules. This policy lists major rule infractions and describes the procedures for writing, serving, and investigating major reports, as well as the major report hearing and appeal procedures.

II. POLICY

It is the policy of the IDOC to use appropriate disciplinary action in the management of offender violations of IDOC and institutional rules, regulations, policies, and procedures. Where the use of informal action or minor disciplinary report procedures are not appropriate or insufficient to achieve correctional goals, the major report process shall be used. **(PREA 115.78(a))**

III. DEFINITIONS

The following definitions will be used in the various disciplinary policies and procedures established by the IDOC and its institutions.

- A. Administrative Law Judge (ALJ) - The primary disciplinary hearings officer appointed by the Director of the IDOC in accordance with **Iowa Code § 903A**. The Director of the IDOC shall also appoint alternates for each institution in accordance with the Iowa Code. The appointed ALJ or alternates shall hear all cases that are subject to the provisions of **Iowa Code § 903A, 904.505 and 610A.3** and any other applicable Iowa Code sections. It is the duty of the ALJ and alternates to impose the sanction(s) including establishing the exact earned time/good time days to be forfeited. When the ALJ is absent, unavailable, or prohibited under this policy from hearing a particular matter, the hearing shall be conducted by another ALJ. An appointed ALJ may hold hearings at any IDOC institution.
- B. Aggravating Factors - If the ALJ determines that the factors or circumstances of an offense are more serious than the charged offense, the sanction may be upgraded to the next class. The ALJ shall specify in writing the aggravating circumstances warranting a change in sanction. Aggravating factors may include, but are not limited to, history of violence, use of weapon, severity of injury, significant impact to institutional operations, repeat infractions, and premeditation.
- C. Attempt - An offender attempts to commit an offense when the offender acts to affect an offense although the offense is not accomplished. An offender may be charged with attempt to violate any rules listed in this policy.
- D. Class of Offense - The class of an offense determines the range of authorized sanction(s) that can be imposed by the ALJ for violation of rules listed in this policy. **(PREA 115.78(b))**
- E. Complicity - An offender shall be responsible for the offense of another person if the offender commands, induces, procures, or aids another person to commit the offense.

No offender shall be liable for the conduct of another person if the offender makes reasonable efforts to prevent the commission of the offense prior to the commission or the offender withdrew from participation before the commission of the offense.

The failure of the institution to charge or convict the other person shall not be a defense under this section.

Any action by the accused offender, which causes another person to violate a rule, may be considered a violation by the accused offender.

- F. Dangerous Contraband – The term includes, but is not limited to, altering of authorized property (such as razors) for purposes of a weapon; diagrams, directions, drawings for explosive devices, or other weapons; a firearm, knife, bludgeon or other weapon, device, instrument, material, or substance, whether animate or inanimate, which is readily capable of causing or inducing fear of death or serious physical injury, or any flammable substance or incendiary device. The term also includes possession or use of any prohibited communication device.
- G. Dangerous Drugs and Intoxicants - The terms include, but are not limited to, alcohol, amphetamines, benzodiazepines, methamphetamines, barbiturates, cocoa leaves, cocaine, opiates, (including opium, morphine, heroin, Demerol, diluadid, codeine, apomorphine, etc.), peyote, LSD, psilocybin, DMT, THC and cannabis (a.k.a. marijuana), including all parts of the plant cannabis sativa L., and any volatile substance inhaled for its mood-altering effect, such as cleaning fluid, glue, lacquer, petroleum distillates, etc. The term also includes synthetic or artificial forms of intoxicants, including any form of "K2" or "spice," whether or not such synthetic or artificial intoxicants are illegal to possess under federal or state law.
- H. Earned Time/Good Time Loss - The terms earned time and good time shall refer to the reduction in time credits given to offenders under the Iowa Code, as amended, and any other current or prior section of the Iowa Code that specifies the reduction in time credits that apply to a particular offender's sentence. The use of one of those terms in this policy or in any disciplinary document includes one or both of those terms as appropriate.
- I. Iowa Corrections Offender Network (ICON) - The computer system used by IDOC staff members to record information relating to the disciplinary process and to generate documents, such as disciplinary notices, hearing decisions, and appeal decisions.
- J. Intentionally - An offender acts intentionally with respect to a result or to conduct described by this guideline when the offender's conscious objective is to cause that result or engage in that conduct. An offender may be presumed to intend the natural consequences of the offender's act.
- K. Major Infraction - Any rule violation, which, in the judgment of a supervisor or staff member observing or learning of the violation, has serious offender and

institutional management implications. Major infractions shall be handled through the formal disciplinary process, referral for prosecution, or both.

- L. Minor Infraction - Any rule violation, which, in the judgment of a supervisor or staff member observing or learning of the violation, is less serious than a major infraction. Minor infractions shall be handled through informal disciplinary action or the minor report process.
- M. Mitigating Factors - If the ALJ determines that the factors or circumstances of an offense constitute a less serious offense than the charged offense, the sanctions/offense class may be reduced if circumstances warrant.
- N. Offender - Includes all persons assigned to an institution of the IDOC.
- O. Possesses - To knowingly exercise physical control over an object. Knowledge shall be based on the presence of an object found on an offender's person or placed somewhere by the offender. Knowledge shall be rebuttably presumed when an object is found anywhere else in an offender's domicile. This presumption may be countered by evidence that the offender was not responsible for the object's presence in the offender's domicile. An offender is also considered to possess any substance for which the offender tests positive based on a urine, blood, breath, or similar test.
- P. Prohibited Communication/Electronic Device - Includes any cellular or mobile phone, pager, personal digital assistant (PDA), radio, or other communication device capable of communicating to persons, other communication devices, or computers inside or outside of the institutional grounds. The term also includes any camera, video camera, or audio recorder.
- Q. Reckless - An offender's conduct is reckless when the safety of persons or property is willfully or wantonly disregarded.
- R. Security Issue - Any act which causes or has the potential to cause significant disruption to the operation of the institution, effect the peace and tranquility of the institution, or create danger for the public, staff, and/or offenders.
- S. Security Item – Any object used by staff to secure an institution, vehicle, offender, or any location temporarily housing an offender. Such items include all locks and locking devices, security and cell lights, fire alarms, smoke detectors, fire suppression devices, communication devices, handcuffs and other restraints, monitored tools, uniforms, information storage and retrieval devices, computers, laptops, tablets, telephones, and mobile communication devices, OC and other spray containers or devices, tasers and other electronic devices used to limit or contain offender movement, and weapons.

- T. Serious or Dangerous Violence - Includes killing, sexual assault, assault, kidnapping, rioting, arson, or the attempt to do any of those actions.
- U. Serious Physical Injury - Any physical injury which creates or could create a substantial risk of death or which causes death, serious or protracted impairment of health, or protracted loss or impairment of any major bodily function.
- V. See IDOC Policy **AD-GA-16** for additional Definitions.

IV. PROCEDURES

NOTE: If, at any time in the process of writing, investigating, or hearing a major report, it is noted that a document and/or procedure is incorrect, the process shall be stopped and the process reinitiated.

A. Preparing the Disciplinary Report

1. As soon as a staff member or other person given authority over offenders by the Warden or Director becomes aware that a major infraction has occurred, the staff member or other person with authority should, if possible, direct the offender to take corrective action. If the sanction is insufficient or circumstances warrant, the staff member or other person with authority observing the incident or learning of the infraction shall prepare a Disciplinary Notice using the ICON Disciplinary Notice form.

In some cases involving potential serious violations committed by one or more offenders, staff members may conduct an investigation into the potential violations. In such cases, the writing of any Disciplinary Notice may be delayed until the investigation is completed. The Associate Warden/Security or designee shall be kept informed about any on-going investigations and shall make sure that the writing of any Disciplinary Notices is not unreasonably delayed. Nothing in this policy requires that a disciplinary notice be dismissed if more than 24 hours elapses from the incident until an offender receives a written copy of the disciplinary notice.

2. A separate statement on the *Witness Statement (IO-RD-03 F-1)* should be submitted by each employee who witnessed the incident or has knowledge of the incident.

3. The Disciplinary Notice shall be available to the Shift Supervisor, and shall contain details of the infraction, including the following:
 - a. Specific rule(s) allegedly violated.
 - b. Date and time of the infraction.
 - c. Location of offense.
 - d. Offender(s) involved, and witnesses, if any.
 - e. Adequate details of the infraction to substantiate the charge, including type and disposition of contraband or physical evidence, (where the evidence is being held, etc.) unusual behavior by the offender, etc.
 - f. A description of immediate action taken, including any force used by offender or staff.
 - g. If appropriate, a notice that confidential information was used to prepare the Disciplinary Notice. Must include reason why confidential information was withheld.
 - h. The names of staff witnesses to the incident, unless confidential. If the writer of the Disciplinary Notice relied on information from other staff members to write the report, the Notice should specifically mention what information came from which staff member, unless such information is confidential.
 - i. The name of the reporting staff member. The name of the reporting staff member on an ICON generated document shall be deemed to constitute an electronic signature for that staff member.
 - j. In instances of a positive urinalysis (UA) test, the notice advises that the violating substance has been ingested within the last 30 days or the time period associated with the particular test used.

(4-4233)

4. The Shift Supervisor or designated staff member shall:
 - a. Review the disciplinary report to ensure that all necessary and relevant information is included. **(4-4247)**

- b. Assist the author to complete or rewrite the disciplinary report when necessary so that it includes all relevant and necessary information. **(4-4232)**
- c. Determine using the criteria in IDOC Policy **IO-RD-01**, *Overview and Philosophy of Offender Discipline*, whether the incident described in the disciplinary report should remain as a major report or should be handled using a minor report or informal action.

If a major report is appropriate, then the disciplinary report shall be approved on ICON. If a major report is not appropriate, then the Shift Supervisor or designated staff shall inform the report writer of that decision and indicate what other steps should be taken. If the report is "reduced" on ICON, then the Shift Supervisor or designated staff shall make sure that the appropriate minor report or informal action is taken in accordance with the provisions of Policy **IO-RD-02**, *Informal Corrective Action and Minor Disciplinary Reports*.

- 5. The Shift Supervisor or designated staff member shall promptly begin a review of an incident, unless exceptional circumstances exist for delaying that review. The review should be completed as soon as practical.
- 6. If a Disciplinary Notice is approved after the investigative review, then an investigation as described in section (C) shall be commenced as soon as practicable.
- 7. Within 24 hours following an incident, the Shift Supervisor or designated staff member shall make an initial determination whether a crime may be involved solely for the purpose of requiring the investigator or designated staff member to advise the offender of the offender's rights. **(4-4234)**
- 8. If appropriate corrective action is achieved, or if other facts indicate that no infraction occurred, a disciplinary report may be dismissed by the Shift Supervisor or other designated official. The reasons for such a dismissal should be recorded within ICON. The Warden may dismiss a major report at any time.
- 9. The offender may be placed in more secure housing at this stage, based on the degree of risk if the offender remains in a general population

housing unit. When an offender is placed in investigative segregation status, the supervisor ordering investigative segregation status shall forward a written memo to the Associate Warden/Security for review within 72 hours of the offender's detention. Staff shall also follow the procedures in IDOC Policy **IO-HO-05**, *Administrative Segregation*, regarding Administrative Segregation (Ad. Seg.). **(4-4235)**

10. The Associate Warden/Security shall be responsible to insure that the writing, serving, and investigation of a disciplinary notice is done promptly and without unnecessary delays, especially for offenders placed into segregation.

The unit manager of a segregated housing unit or other designated staff member shall notify the Associate Warden/Security or designee regarding the following delays so that the Associate Warden/Security can take steps to eliminate any unnecessary delays in the disciplinary process:

- a. If an offender has been in segregation for three days without a disciplinary notice being written.
- b. If an approved disciplinary notice has not been served on an offender within three days of the disciplinary notice being approved.
- c. If an investigation into an approved disciplinary notice has not been completed within three days after the notice was served to an offender.
- d. Follow-up notifications shall be given regarding the above events every three days after the original notification is given.

B. The Disciplinary Notice

1. Providing the offender with a copy of the Disciplinary Notice form generated by ICON shall serve as notice of alleged misconduct and, if a possession violation, Notice of Confiscation of the evidence. **(4-4236)**
2. The disciplinary report(s) need not contain information that could jeopardize individual safety or institutional security.
3. Factual statements in the narrative of a disciplinary report may be based on reliable hearsay from staff members or other persons.

4. Staff should be careful not to inadvertently disclose information sources that should remain confidential. Do not include the name of an offender in a disciplinary notice if (i) the offender provided information against a second offender and (ii) knowledge by the second offender of the first offender's identity may subject the first offender to negative consequences by the second offender or someone associated with the second offender.

C. Investigation

1. This section applies only to the investigation which takes place following the writing and serving of the disciplinary notice. It does not apply to an investigation taking place before, and resulting in, the disciplinary notice.

The investigation of an approved disciplinary notice should begin promptly. The investigator conducting this investigation should not be a staff person involved in the reported violation as a witness to the alleged violation, as the report writer, or as the member of an investigative team that investigated the matter before the disciplinary notice was written. The investigator may provide evidence as to whether there are any mitigating or aggravating factors. Staff members who investigate approved disciplinary notices need not be full-time investigative staff. An investigation need not be redone if the person doing the investigation was not a direct witness to an incident, but finds out during the investigation that an offender wants to call that person as a witness.

2. The investigator shall interview the offender and any other persons who may have information regarding the incident as soon as is practical. The offender shall be provided with a copy of the Disciplinary Notice from ICON and that shall serve as the written notice of the specific rule violation and details of the charges against the offender. Although an offender may save comments for the hearing, the investigator should encourage the offender to make a statement about the matter so that the investigator may prepare a complete record for the hearing. Written statements should be taken from witnesses and recorded on the *Witness Statement (IO-RD-03 F-1)* and, when appropriate, incident or additional disciplinary reports should also be prepared. The Disciplinary Notice shall serve as the witness statement of the reporting person.
3. If the investigator determines that the number of witnesses named by the offender would substantially burden the investigation and that some of the witnesses would be cumulative or irrelevant, the investigator may

limit the number interviewed provided that the investigator records the reason for doing so in ICON. The investigator should encourage the offender to prioritize witnesses in this situation.

4. Failure of the accused offender to name witnesses to be interviewed by the investigator may limit future opportunities of an offender to have a statement taken from such witnesses, unless the taking of a statement is directed by the ALJ or other reviewing institution official. The following reasons may support additional interviews:
 - a. The identity or existence of the witness was unknown prior to the offender's interview with the investigator.
 - b. That substantial prejudice shall result without such witness being contacted for a statement.
 - c. Aggravating or mitigating factors.
5. The offender may present to the investigator documentary evidence relative to the offender's defense.
6. Information may also be gathered as appropriate to the incident on environmental conditions, physical evidence, and other pertinent aspects of the incident. Neither investigators nor other staff shall be required to perform any type of polygraph test at an offender's request.
7. The investigator shall provide the ALJ with a written record including the statements of the offender and any witnesses, physical evidence, and other related information.
8. The ALJ may interview the investigator.
9. The ALJ may review the Disciplinary Notice, the investigation materials and physical evidence prior to conducting a hearing. If the ALJ determines during that preliminary review that the record does not contain all required information (e.g. witness statements requested by the offender), the ALJ may contact the appropriate staff members directly and ask them to provide the appropriate information for the record. The ALJ may also issue a formal continuance to receive that information either before or during the hearing.
10. The offender may waive the right to be present at a hearing. If such a waiver is made by the offender, a decision shall be rendered by the ALJ based on documentary and physical evidence, if any, contained as a part

of the disciplinary report and investigation. Such a waiver shall result in the offender's forfeiture of appearing at the hearing and of any appeal rights. The report investigator shall use *Hearing Waiver Form (IO-RD-03 F-5)* or similar form to record an offender's hearing waiver. **(4-4237)**

11. The investigator should make sure that the following information is part of the record provided to the ALJ to review:
 - a. When video or audio records (e.g., telephone calls or investigative interviews) are part of the evidence, a completed *Summary of Media Evidence Form (IO-RD-03 F-6)* should be completed by a person who has reviewed the recording. In lieu of that form, a detailed witness statement or other document may be used, provided that it contains the same type of information as in the form. A summary of media evidence may be treated as being confidential or non-public if the information in it would create a substantial risk of harm to individual safety or institutional security.
 - b. When a handwriting analysis is made, the documents used in the comparison should be provided. In addition, a document describing at least 8 points of similarity between the samples should be included.
 - c. When O-Mails, letters, or other documents are used as evidence, some documentation of the important or relevant passages is to be provided. Highlighting copies of the documents can be used to provide that documentation.

D. Hearing Process

Note: If the offender believes a procedural error has occurred in the discipline process, the offender must address the issue at the hearing and/or through the appeal process.

1. The ALJ shall schedule the disciplinary hearing for a disciplinary report no sooner than 24 hours after an offender receives a written copy of the disciplinary notice (the "24-hour notice" period) to allow an offender to prepare for the hearing, unless the accused offender waives the 24-hour notice/preparation period. The hearing should be held, within seven working days (weekends and holidays excluded) following the date on which the offender received the Disciplinary Notice unless the ALJ determines that: **(4-4238)**

- a. The offender is not available for a hearing due to medical or mental health reasons, or is away from the institution for a court appearance.
 - b. The offender can show cause for further investigation.
 - c. The ALJ continues the hearing for further investigation or other cause.
 - d. The offender's behavior presents an imminent threat to staff safety.
 - e. Holding a hearing could or would undermine criminal investigation or prosecution by the County Attorney or other prosecuting attorney.
2. If the ALJ determines that a delay in the hearing is appropriate for one of the above reasons, the ALJ should document the continuance in the hearing record. **(4-4239)**
3. The ALJ may hold a hearing beyond seven working days, with a continuance issued, unless the ALJ finds that the additional delay significantly compromised the ability of the offender to offer a defense to the allegation in the disciplinary notice.
4. The rules and time limits governing major reports and ALJ hearings may be altered in the following cases.
 - a. In emergency situations, such as a riot or disturbance, the Warden may order temporary suspension of these rules. Such an order should be immediately reported in writing as soon as practicable to the Director of IDOC. When disciplinary action is taken during a suspension, the offender is entitled to a rehearing of the alleged rule infraction with full procedural protections when the emergency has ended, unless the particular hearing was conducted in full compliance with this policy.
 - b. The time limits governing the hearing and appeal process may be shortened if the Warden or designee determines that compelling reasons justify the shortening of the time limits. *Wagner v. State of Iowa 1981*

5. The ALJ shall review the documented status of any continued hearing or any pending hearing decision to determine whether a further delay is justified at least once per week. Documentation of such continuance shall be noted in Generic Notes section in ICON.
6. Member(s) of the treatment and/or security staff may be asked to participate in or observe disciplinary hearings. The responsibility of the ALJ is the adjudication of disciplinary matters, except that no individual may serve as an ALJ if directly involved in the matter as a witness, investigator, or reporting staff member.
7. The disciplinary process does not allow offenders to confront or cross-examine witnesses. Thus, offenders have no right to hear or receive copies of witness statements, unless the ALJ determines that sharing of non-confidential information is appropriate. Because of the concerns for the safety of offender witnesses, all offender witness statements not shared by an ALJ are considered non-public documents that should not be available to other offenders at any time.
8. The offender and staff assistant, if designated, shall be permitted to offer evidence related to the disciplinary report including the presentation of documentary evidence or written witness statements. The ALJ may allow specific witnesses only as necessary to ensure a fair hearing. If specific evidence is rejected, the ALJ shall indicate the reasons in writing. The ALJ may request additional witness statements in order to make sure that the record is complete. **(4-4242)**
9. In the event the offender desires to have any witness appear in person at the disciplinary hearing, the offender must notify the investigator and identify the specific witnesses and the names of the witnesses at the time of the investigation. Allowing a witness to testify in person at a disciplinary hearing is a decision of the ALJ.
10. The disciplinary process is an administrative remedy. Thus, the offender shall not have a right to use outside legal counsel during the hearing or appeal process. The ALJ is required to provide staff assistance for offenders where the complexity of the issue makes it unlikely that the offender shall be able to collect and present the evidence, where the offender's capacity does not allow adequate comprehension of the case, or where the offender is unable to adequately comprehend English. **(4-4243)**
11. If an offender is in a special needs or mental health status at the time of the incident, the investigator must obtain a statement from a mental

health professional as to the offender's responsibility for the offender's conduct as stated in the report. The ALJ shall make a record of this statement. If the mental health professional or a doctor indicates that an offender should not be held responsible for the offender's conduct, the ALJ shall dismiss a disciplinary notice without conducting an in-person hearing. **(PREA 115.78(c))**

12. Where confidential information is involved, the ALJ shall, when possible, view the evidence prior to meeting with the accused offender.
13. The ALJ shall make findings after meeting with the offender in accordance with procedures for the use of confidential information described below if the ALJ uses or relies on the confidential information.
14. The ALJ shall hear the facts of the alleged violations, weigh the evidence, and make a ruling as to the disposition of the case using only information available to the ALJ through the hearing process. An ALJ can make decisions based on direct and circumstantial evidence and reasonable inferences from the evidence. ALJs shall be impartial. **(4-4244)**
15. The ALJ shall conduct the hearing on a Disciplinary Notice as follows:
 - a. Call in the accused offender, read the charges in the Disciplinary Notice, and cite the rules involved as well as the investigative evidence.
 - b. Determine if the procedures in the investigation were followed.
 - c. Determine if a continuance for good cause is necessary.
 - d. Continue the report and remand to the appropriate staff member to correct the procedure or other defects prior to continuing with the disciplinary hearing when procedures have not been followed properly. If necessary, a revised Disciplinary Notice shall be given to the offender and further investigation done before the hearing resumes. The ALJ who remanded the matter back for changes or corrections may conduct the hearing after the corrections are made, unless the ALJ determines that to do so would violate the offender's right to an impartial hearing officer.
 - e. Review the evidence available such as the Disciplinary Notice, any available investigative reports, and documentary evidence such

as test results and physical evidence. Review of the physical evidence need not be done in the presence of the offender.

- f. Provide the offender an opportunity to make a brief statement if the offender has not previously given one. The ALJ may limit an offender's statement if the statement contains irrelevant issues or becomes duplicative or repetitive.
- g. Hear in-person witnesses at the discretion of the ALJ. The accused offender may or may not be present during such testimony, if any.
- h. If the ALJ determines that a written hearing decision can be issued immediately following the hearing, then the ALJ shall excuse the offender and begin deliberations to determine whether the alleged rule violation(s) in fact occurred. Upon completing a written decision, the ALJ will call the offender back into the hearing and give the offender the written decision.
- i. In some cases, the ALJ may not be able to issue a hearing decision immediately after the hearing. In those instances, the ALJ shall prepare a written hearing decision within three working days after the hearing. A copy of the written hearing decision shall be given to the offender by a staff member. The ALJ may, but need not, indicate at the conclusion of the hearing what the ALJ expects the hearing decision to be. A subsequent written decision may differ from the oral announcement made by the ALJ, provided the written decision explains the reason for the change.
- j. The findings made in a written hearing decision shall include a determination of the class of the offense and any aggravating circumstances. The findings of fact shall be made using the "some evidence" standard of proof.
- k. In appropriate circumstances the ALJ may issue one hearing decision that covers the incidents described in two or more disciplinary notices.
- l. The ALJ shall review all pertinent evidence presented and may draw an adverse inference from the offender's hearing waiver or silence during the proceedings.
- m. If an ALJ discovers a typographical or scrivener's error in a hearing decision after the decision was given or sent to an

offender and before the Warden or designee has received an appeal from the offender, the ALJ may issue a corrected hearing decision. A copy of the corrected decision shall be given to the offender. The offender will have an additional 24 hours to file an appeal after receiving the corrected decision.

16. Offender Conduct at Hearings

- a. An offender's refusal to appear at a hearing shall constitute a waiver of all appeal rights and such refusal shall be documented.
- b. If a hearing waiver is made during the investigation stage, the investigator shall note the offender's waiver on the Investigation of Violation screen in ICON. If the offender chooses not to attend a hearing or refuses to go to the place of the hearing, the ALJ shall make findings of fact documenting that the offender's actions constitute a waiver of the offender's right to be at the hearing.
- c. If an offender does not participate in a hearing (or does not appeal a hearing decision), the offender will be deemed to have failed to exhaust the administrative procedures and administrative remedies available to the offender.
- d. An offender appearing before the ALJ is subject to the rules of discipline in the same manner as at any other time. If the offender becomes so unruly at the disciplinary hearing that the hearing cannot be effectively continued, such conduct shall be treated as a refusal to appear at the hearing, and the hearing shall continue outside the offender's presence. The ALJ shall document the offender's behavior and make a finding regarding whether it constituted a waiver of the offender's hearing right.

(4-4241)

17. Because an ALJ may conduct hearings at a location away from the institution where the offender is housed, the following modifications to the hearing procedures may be made in appropriate circumstances:

- a. An ALJ may conduct hearings via a video connection (the "IDOC Telejustice System").
- b. If there is physical evidence, the ALJ may review that evidence by:

- (1.) Having the physical evidence sent to the ALJ for an in-person review;
 - (2.) Reviewing a scanned image of a document;
 - (3.) Reviewing a photograph, live video, or recorded video of an object or location;
 - (4.) Using any other procedure that the ALJ finds will provide sufficient review of the item.
 - c. In appropriate cases, the ALJ may continue a hearing done via the Telejustice System in order to hold an in-person hearing.
 - d. If the Telejustice System is unavailable, an ALJ may also conduct hearings via telephone or other electronic means.
18. In lieu of appearance at a disciplinary hearing, an offender may appear through a written statement in accordance with the following procedure:
- a. An offender may voluntarily waive the right to appear at an ALJ disciplinary hearing in person by completing the *Appearance at Disciplinary Hearing by Written Statement Form (IO-RD-03 F-2)*. An offender may submit that form at any time prior to an in-person hearing.
 - b. To ensure that an offender voluntarily makes such waiver of in-person appearance, a staff member must witness the offender's signature on the *Appearance at Disciplinary Hearing by Written Statement Form*.
 - c. A copy of the *Appearance at Disciplinary Hearing by Written Statement Form* shall be forwarded to the ALJ or shall be scanned into ICON and attached to the disciplinary file.
 - d. When the ALJ conducts the hearing on the matter at issue, the ALJ will review and consider the written statement made by the offender to the same extent as if the offender had personally appeared at the hearing.
 - e. If the ALJ concludes that to properly conduct a hearing the offender must appear in person, the ALJ may request that the offender appear in person. If the offender appears at the

hearing, the ALJ may still consider the statements made by the offender in the Appearance at Disciplinary Hearing by Written Statement Form.

- f. If an offender called by the ALJ to appear at a hearing refuses to appear, then the ALJ shall render a decision based on the evidence in the record, including the *Appearance at Disciplinary Hearing by Written Statement Form*. However, the offender shall lose the right to appeal the decision.
- g. When an ALJ issues a written hearing decision, the offender using this procedure shall retain the right to appeal the hearing decision to the same extent as if the offender had appeared in person, unless the offender forfeited that right as described above.
- h. The offender may indicate in his/her written statement that the ALJ should not send an appeal form with the ALJ's decision, so that the ALJ's decision and any sanctions may be implemented immediately. In such an instance, the offender may still file an appeal within 24 hours after receiving the decision. However, such an appeal will not delay the implementation of any sanctions.

E. Record of Disciplinary Proceedings

- 1. The ALJ shall complete and provide the offender with a written statement of the hearing decision using the Hearing Decision form on ICON, which shall include:
 - a. A statement of the facts found to support the determination of a rule violation (the who, what, where, when, how of the infraction) based on the "some evidence" standard of proof.
 - b. An indication of what these findings are based upon (officer's report, offender's statement, etc.).
 - c. The specific sanctions imposed within the sanction class described in this policy.
 - d. Aggravating factors that support imposition of increased sanctions.
 - e. The disposition of any physical evidence. If the offender is found guilty of any property disciplinary violation, the property may be

deemed to be contraband and may be disposed of without further order.

Note: In those cases where personal or institutional safety may be jeopardized by including certain items of evidence in the written statement furnished to the offender, these items may be deleted. The statement shall indicate that confidential information was relied upon.

(4-4245)

2. The disciplinary record shall be maintained for at least six months. **(4-4240)**

F. Procedures for the Use of Confidential Information

1. The ALJ shall consider confidential documentary evidence or testimony reviewed outside the presence of the offender only, if after reviewing and/or hearing such evidence, the ALJ has:
 - a. Made a finding that the information is reliable; and
 - b. Made a finding that disclosure of the evidence to the offender would create a substantial risk of harm to individual safety or institutional security.
2. Wherever confidential information is used, the ALJ shall prepare a summary on ICON. That summary shall not be disclosed to the offender. The summary shall include the following information:
 - a. Brief summaries of all confidential information available to the ALJ;
 - b. Either the name or relationship to the institution of any informants;
 - c. The confidential information relied upon by the ALJ;
 - d. The reasons supporting use of confidential information; (See the Confidential Information Summary on ICON);
 - e. An indication why the information is being kept from the offender.

3. Because videos from institutional security cameras can reveal limitation of the video system, all such videos are considered confidential and offenders shall not be allowed to review such videos.
4. Where the above procedures are followed, the information shall not be reviewed with the offender. The statement of the evidence relied on shall indicate the reliance on confidential or omitted information.
5. Any confidential information and any summary of confidential information described in this section may be stored in a secure physical location or may be stored in a secured location on ICON. Access to confidential information shall be limited to the ALJ, the Warden, any person handling disciplinary appeals, and any other persons designated by the Director or designee to have access to such information.

G. Loss of Earned Time/Good Time

1. For offenders serving sentences for OFFENSES COMMITTED PRIOR TO JULY 1, 1983, **Section 246.41 of the 1983 Iowa Code** requires the following sanctions for violation of a major rule:

"An offender who violates any of such rules (of discipline) shall forfeit the reduction of sentence earned as follows:

 - a. For the first violation, two days.
 - b. For the second violation, four days.
 - c. For the third violation, eight days.
 - d. For the fourth violation, 16 days and in addition, whatever number of days more than the one that the offender is in punishment (Disciplinary Detention).
 - e. For the fifth and each subsequent violation, or for escape or attempt to escape, the Warden shall have the power, with the approval of the Director, to deprive the offender of any portion or all of the good time that may have been earned."
2. Whenever the ALJ desires to take from the offender more than the number of days of good time specified in the **1983 Iowa Code, Section 246.41(4)**, as a result of an offender's fifth or subsequent infraction, the ALJ shall note the maximum amount that should be taken in the decision. The same applies whenever the ALJ believes that more

than the amount specified by the number of the infraction should be taken as a result of an escape or attempted escape. Actual removal of extra time pursuant to **Section 246.41(5), 1983 Code of Iowa**, requires approval of the Warden and the Director.

3. Each offender serving a sentence for an OFFENSE COMMITTED ON OR AFTER JULY 1, 1983, may forfeit earned time within the class for each major violation, except as noted below. The loss of earned time shall be determined by the ALJ, and the ALJ's view of the seriousness of the misconduct.
 - a. In cases of escape, attempted escape, and serious or dangerous violence resulting in serious physical injury or loss of life, the ALJ may recommend a loss of any or all accumulated earned time. Such recommendations shall be subject to review by the Director of IDOC/Designee.
 - b. The ALJ shall specify an amount of earned time to be forfeited consistent with the sanctions available under this policy for the class of the infraction.
 - c. Any suspended sanctions, which an offender may have received for previous reports, shall be counted towards the number of violations used in determining the amount of earned time to be taken for all future violations.
4. Whenever an offender is found guilty of a major infraction, which is not suspended, the offender may lose the amount of earned time as specified in the ALJ's hearing decision consistent with the statute and this policy. The supervisor of the records for the institution shall be responsible for computing the loss of time within a reasonable amount of time after the ALJ finds an offender guilty of a major infraction, determine the offender's new discharge date, and inform the offender of the loss of time and new discharge date. An offender will not lose earned time simply by being in a Disciplinary Detention (DD) or Ad. Seg. status.

H. Meritorious Earned Time/Good Time

Earned Time/Good Time, which has been restored by the Director resulting from meritorious service by an offender, is not subject to sanctions by the ALJ.

I. Sanctions – General Rules

1. When the ALJ finds that an offender has violated a rule as set forth in this policy, the ALJ shall impose one or more sanctions consistent with the sanctions available under the class of offense, in proportion to the seriousness of the infractions involved. Sanctions shall be explicit as to nature, extent, and duration, and are to be run consecutive with other sanctions, unless otherwise noted by the ALJ. If the ALJ finds that an offender violated more than one major infraction rule, the ALJ may impose consecutive sanctions for each rule violation within a single hearing decision. The ALJ shall also impose sanctions that prevent an offender from benefitting due to the offender's violation of the rules.
2. In imposing sanctions, the ALJ shall give consideration to those conditions that maximize the opportunity for behavioral change. The ALJ may also recognize the circumstances that occurred after the original incident by giving the offender full or partial credit towards any sanction (other than loss of earned time/good time). The ALJ will note the giving of any credit in the Hearing Decision.
3. The ALJ is authorized to suspend any or all sanctions. Upon a subsequent finding of guilt for another disciplinary report, the ALJ may, but need not, impose the suspended sanctions. The ALJ may also specify particular conditions related to a future report that shall result in the imposition of a suspended sanction. If suspended sanctions from a prior hearing decision are imposed in addition to the sanctions imposed for the current hearing decision, the total sanctions can exceed the sanctions authorized for the current violation class without aggravating the violation to the next violation class.
4. Disciplinary Detention
 - a. The amount of time ordered in DD should be proportionate to the offense(s)/violation(s) taking into consideration the offender's prior conduct, specific program needs, and other relevant factors.
 - b. Continuous DD shall not exceed 60 days for any incident or 90 days for a series of incidents. Offenders' conditions of confinement while in DD shall be governed by IDOC Policy **IO-HO-07**, *Disciplinary Detention*.
 - c. For offenders placed in special needs housing because of mental health, developmental or medical disabilities, the use of DD time is not recommended. In lieu of DD time, the ALJ should defer to

the special needs unit treatment team for proper sanction/disposition.

5. The use of food or meals as a disciplinary measure is prohibited. **(4-4320)**
6. Assessing Costs
 - a. In addition to imposing any other sanctions, the ALJ may assess costs for damages to property, theft, and any other costs related to a rule violation, investigation, or disciplinary hearing. The amounts assessed should be calculated to cover any losses incurred by any person, by an institution, or by the IDOC. If more than one offender is responsible for a cost, the ALJ shall specify the percentage or amount that each offender shall be responsible for. In most cases, the costs should be split equally, unless the ALJ finds that the facts support a different distribution of the costs. In appropriate cases, the ALJ may impose costs on several offenders using joint and several liability. In imposing joint and several liability, the ALJ shall not be limited to using comparative fault when the underlying actions were done intentionally.
 - b. When an item is damaged, the cost imposed shall be the repair costs. If an item is destroyed or cannot be repaired, then the cost imposed shall be the cost for replacing the item. When calculating replacement costs, the depreciated or salvage value of the original item need not be taken into account. Other costs shall be the actual incurred costs. If the actual cost cannot be readily ascertained, an estimate of the cost may be used.
 - c. The following are examples of the type of violations for which costs may be imposed as part of a disciplinary hearing.
 - (1.) Injury to another offender, staff, visitor or self (assaults, fights, use of force, attempted suicide, violation or work rules, etc.)
 - a) Cost of local hospital, ambulance and University of Iowa Hospitals & Clinics (UIHC), staff overtime, vehicle mileage, etc.
 - b) A \$5.00 fee in addition to any other medical costs assessed for trips to the UIHC or a local hospital

caused by an offender's self-injurious behavior, willful neglect, etc.

- c) If a staff member is injured and is away from work for any period, then the offender may be charged for any or all of the following:
 - i. Any extra costs incurred by the institution to have other staff cover the work that cannot be performed by the injured person;
 - ii. Any workers compensation costs associated with the injury to the staff member;
 - iii. Any additional costs paid by the institution to the injured staff member while they are away from work, including vacation or sick leave costs needed to allow the injured staff member to be fully paid while convalescing.
- (2.) Damage to state property (cell, mattress, furniture, bedding, clothing, headphones, radios, rental TVs, etc.)
- (3.) Damage to offender and/or employee property.
- (4.) Theft or attempted theft from offenders, staff, visitors, institutions, e.g., food from Food Services, commissary items, supplies, adulteration of food, etc.
- (5.) Actions resulting in special staff costs, e.g. investigations, escape, etc.
- (6.) Lost offender work allowances through misconduct of another.
- d. If known at the time of a disciplinary hearing, an itemized list of costs shall be included in the disciplinary hearing decision or attached to the hearing decision with the offender receiving a copy. If itemized costs would disclose confidential information, then offenders shall receive a certified list of costs that excludes the confidential information.

- e. When actual costs are assessed, documentation of the costs, such as a copy of the hearing decision or a store order, shall be processed through the Business Office.
- f. In some cases the amount of costs or damages will not be known at the time of the original hearing. In other cases, the existence of certain costs or damages may not be known at the time of the original disciplinary hearing. In either case, once the cost information becomes available an offender must be given written notice of the costs and have an opportunity to request a hearing regarding the reasonableness of the costs. An offender who waived the offender's hearing right in the original proceeding will still have the right to request a cost hearing.
 - (1.) If an offender requests a hearing within seven calendar days after receiving the written notice of costs, the ALJ shall hold a hearing on whether the assessed costs are reasonable. The hearing will be conducted using the same procedures used to conduct other disciplinary hearings. Such a hearing will be limited to the reasonableness of the costs to be imposed. Any prior decision about the imposition of costs cannot be reopened by a cost hearing, but will be considered to have been settled and finalized by the earlier disciplinary hearing and appeal.
 - (2.) If an offender does not request a hearing or indicates after receiving the notice that the offender does not want a cost hearing, then the ALJ shall issue a decision without the offender's participation in the cost hearing.
 - (3.) If an offender requests a hearing, that offender may file an appeal of the ALJ's decision using the same procedure as used for other disciplinary hearing decisions. Such an appeal will be limited to cost issues only. If the offender does not request a hearing, the offender may not appeal the ALJ's decision determining cost.
- g. Collection of Money
 - (1.) Collection of money will be done in accordance with IDOC Policy **AD-FM-11**, *Offender Funds*, and the policies and procedures established for the Business Office at each institution.

- (2.) When an offender transfers to a new institution and remains in the IDOC, collection of disciplinary costs shall be transferred to the receiving institution.
 - (3.) Offenders who are assessed costs by the ALJ shall be liable for those costs during any time that they are held at an IDOC institution, including during any subsequent incarceration. There will be no general limitation period for collecting monies owed by offenders for disciplinary sanctions, except as established in IDOC Policy.
 - (4.) Upon the expiration of an offender's sentence, unpaid costs can no longer be collected in the normal manner. If the offender agrees by a written agreement that payments will continue, such agreement shall be binding. Staff may also pursue other options such as using small claims court or seeking to have a former offender's State tax refunds used to pay the indebtedness as allowed by Iowa Department of Revenue rules.
7. Privilege restrictions based on discipline may take effect immediately. Privileges may be reinstated on appeal.
8. Notwithstanding other policy provisions, the ALJ may return property loaned to another offender to the owner if the ALJ finds that such an action would likely have a chance for a more positive behavioral change than sending out or destroying the property. The ALJ may impose a delay on the returning of such property in order to help encourage behavioral change by an offender.

J. Dismissed Notices

1. If the incident as charged in the Disciplinary Notice is dismissed, the disciplinary records of that incident shall be sent to the Inactive screen in ICON.
2. Dismissal of alleged individual rule violations constituting only part of the entire incident shall not require sending the file to the Inactive screen in ICON.
3. Nothing in this policy is intended to limit the availability of dismissal or any other remedy in appropriate cases. **(4-4246)**

K. Appeals

1. The ALJ or other staff member shall advise the offender of the right to appeal the disciplinary decision. Each institution shall establish one or more locations where an offender may obtain a *Disciplinary Appeal Form*. **(IO-RD-03 F-3)** Offenders in segregation shall be given appeal forms upon request to staff. Any appeal must be submitted within 24 hours of the date and time that the offender receives a copy of the ALJ's written decision. An offender need not be given a Disciplinary Appeal Form if the offender forfeited appeal right (e.g., by waiving the right to be at a hearing) or waited more than 24 hours after receiving a written hearing decision. Each institution shall create a procedure regarding recording times that hearing decisions are given to offenders and how offenders may obtain a Disciplinary Appeal Form.
2. If the offender receives a Disciplinary Appeal Form from the ALJ when the ALJ issues a hearing decision, the sanctions shall be stayed pending a decision by the Warden or designee. Institutions shall establish procedures regarding when and how sanctions are stayed pending an appeal when an ALJ is not the person who gives a copy of the hearing decision to an offender. If the offender declines to take a Disciplinary Appeal Form in a manner that stays the sanctions, the sanctions imposed by the ALJ shall then go into effect. If later, still within the 24 hour appeal time frame, the offender decides to appeal, the sanctions shall remain in effect. Each institution shall establish procedures regarding how staff will be notified regarding when an offender's sanctions shall be stayed and when they shall go into effect.
3. Failure to appeal within the 24 hours shall result in the invocation of the decision of the ALJ. In addition, an offender may raise new issues regarding a disciplinary matter by filing a written request for further review to the Warden within 15 days of the ALJ's decision. **(4-4248)**
4. If an offender does not appeal an ALJ decision, then the offender has failed to exhaust the offender's administrative remedies regarding that decision and may not challenge the decision in later disciplinary matters. In particular, if an offender does not appeal a decision that has one or more suspended sanctions, the offender may not raise any challenge to the suspended sanction in a subsequent ALJ decision that imposes the suspended sanction. Similarly, if an offender does not appeal an ALJ decision, then the offender may not challenge that decision if it is used to enhance sanctions in later disciplinary matters.

5. Appeals to Warden/Designee: The Warden/Designee shall respond to an appeal in writing within 15 calendar days from receipt of the appeal, or 15 calendar days from receipt of authorized supplemental information.
 - a. The final appeal response of the Warden/Designee constitutes final agency action.
 - b. The Warden/Designee may affirm the decision. If procedures have not been followed or there is insufficient evidence in the record to support the ALJ's findings, the Warden/Designee may:
 - (1.) Remand for correction of procedural errors;
 - (2.) Order a rehearing; or
 - (3.) Reduce, modify, or suspend the findings and/or sanction; or
 - (4.) Reduce the sanction class from more serious to less serious and revise sanction; or
 - (5.) Reverse the decision and dismiss the disciplinary report(s) against the accused offender; or
 - (6.) Order additional investigation.
 - c. The failure of the Warden/Designee to respond to the appeal within 15 calendar days may, for purposes of an offender's exhaustion of administrative remedies, be considered a denial of the appeal and the offender may proceed with other available remedies. However, the Warden/ Designee shall still be required to provide an appeal response as soon as practical.
6. Time limits for appeals may be expanded by the Warden/ Designee if exigent circumstances arise, such as disturbances, natural disasters, or illness of the Warden/Designee.
7. Nothing in these rules shall preclude further review of a disciplinary action by initiative of the Warden, even when no offender appeal is filed. If a Warden modifies a decision under this provision, the Warden shall complete the *Further Review* form **IO-RD-03 F-4**. A copy of that form shall be attached to the disciplinary file in ICON. No form need be completed if the modification of a disciplinary action is done through the

actions of a classification committee or in accordance with an established program, such as one governing long-term restrictive housing or as part of a treatment plan for mentally ill.

8. Upon remand of a case, the ALJ shall not impose any greater sanction than that imposed initially for that case.
9. Offenders are expected to fully participate in the ALJ hearing process in order to preserve all of their appeal rights. If an offender does not make any statement about the facts raised by a disciplinary notice during the investigation of the notice or at the ALJ hearing, then the offender may not raise factual issues as part of an appeal, but the offender may still raise issues regarding a sanction imposed. An offender may still raise factual issues raised by evidence that is newly discovered after the ALJ hearing is completed.

L. Procedures Following Potential Criminal Misconduct

1. Any offender who may have violated a state or federal law while in custody shall be subject to criminal prosecution. The alleged incident shall be reported, investigated, and handled as any regular criminal case. **(4-4231)**
2. Generally, where the Warden/Designee determines that a crime has or may have been committed that should be prosecuted, normal disciplinary action may still be taken promptly provided that the offender has been read the following warning prior to being interviewed by the investigator or other appropriate official and the offender has been informed that:
 - a. Criminal prosecution is possible;
 - b. The offender has the right to remain silent;
 - c. The offender's silence may be used against the offender in the disciplinary hearing; and
 - d. Anything the offender says may be used in criminal prosecution.

While many of the disciplinary rules are modeled after criminal statutes, the above warning need only be used when a matter involves conduct serious enough that it is highly probable that a criminal prosecution may be brought. The failure to give the above warning does not limit the

use of any statements in any disciplinary proceedings, but may limit the use of such statements in any criminal proceeding.

3. If the ALJ conducting a disciplinary hearing has been advised that a matter covered by a disciplinary notice could result in a criminal prosecution or the ALJ determines that such a prosecution is highly probable, then the ALJ shall read out the warning in IV.L.2. above. The ALJ shall include that the warning was given in the disciplinary decision.
4. Generally, if the Warden/Designee believes that a criminal act has been committed that should be prosecuted, the Warden/Designee may consult with the local County Attorney.
5. In cases involving allegations of sexual violence, the Inspector General/Designee rather than the Warden/Designee shall handle issues connected with possible criminal prosecution. The Inspector General/Designee may consult with the police and prosecuting authorities and the offender will receive a Miranda warning when appropriate. **(PREA 115.22(b), 71(h))**
6. The ALJ may continue discipline until criminal proceedings are resolved. After the dismissal, trial, or other disposition of criminal charges, any disciplinary proceeding still pending shall be conducted or concluded.

M. Prohibited Acts

1. Policy Review

In order to establish a firm foundation for offender conduct and the institutional discipline process, it is necessary to describe the kinds of behavior prohibited within IDOC institutions. These rules are reviewed as needed by the IDOC's Legal and Policy staff to assure compliance with statutory and case law requirements.

2. Authorized Sanctions

- a. Upon a finding of guilty by the ALJ, the ALJ shall specify the class of the violation taking into consideration any aggravating or mitigating circumstances. Any or all of the following sanction listed for a given class may be imposed at the discretion of the ALJ:

(1.) Class A

- a) Loss of earned time/good time not to exceed 365 days.
- b) Disciplinary Detention up to 60 days for serious or dangerous violence or 90 days for multiple class A offenses.
- c) Loss or modification of any or all privileges including but not limited to, canteen privileges (not including personal hygiene items), visiting privileges, allowance for work performed, access to jobs and programs, not to exceed 365 days.
- d) Assess actual costs.
- e) Suspend honor contract (for offenders committed before July 1, 1983).
- f) Suspend all or part of the sanctions up to 90 days.
- g) Any sanction available on any lesser class offense.

(2.) Class B

- a) Loss of earned time/good time not to exceed 180 days.
- b) Disciplinary Detention up to 45 days for serious or dangerous violence or 30 days for all other offenses.
- c) Loss or modification of any or all privileges including, but not limited to, canteen privileges (not including personal hygiene items), visiting privileges, allowance for work performed, access to jobs and programs, not to exceed 180 days.
- d) Restriction to the cell/unit up to 30 days. (may or may not include routine activities).
- e) Assess actual costs.
- f) Extra duty not to exceed 45 days.

- g) Special conditions (alcohol treatment, drug treatment, referral to classification committee, anger management, etc.).
- h) Reprimand.
- i) Suspend honor contract (for offenders committed before July 1, 1983).
- j) Suspend all or part of the sanctions up to 90 days.
- k) Any sanction available on any lesser class offense.

(3.) Class C

- a) Loss of earned time/good time not to exceed 30 days.
- b) Disciplinary Detention up to 15 days.
- c) Loss or modification of any or all privileges including, but not limited to, canteen privileges (not including personal hygiene items), visiting privileges, allowance for work performed, access to jobs and programs, not to exceed 90 days.
- d) Restriction to the cell/unit up to 21 days (May or may not include routine activities.).
- e) Assess actual costs.
- f) Extra duty not to exceed 30 days.
- g) Special conditions (alcohol treatment, drug treatment, referral to classification committee, anger management, etc.).
- h) Reprimand.
- i) Suspend all or part of the sanctions up to 90 days.
- j) Any sanction available on any lesser class offense.

(4.) Class D

- a) Loss of earned time/good time not to exceed 16 days.
 - b) Disciplinary Detention up to 5 days.
 - c) Loss or modification of any or all privileges including, but not limited to, canteen privileges (not including personal hygiene items), visiting privileges, allowance for work performed, access to jobs and programs, not to exceed 30 days.
 - d) Restriction to the cell/unit up to 14 days (May or may not include routine activities.).
 - e) Assess actual costs.
 - f) Extra duty not to exceed 15 days.
 - g) Written assignments.
 - h) Special conditions (alcohol treatment, drug treatment, referral to classification committee, anger management, etc.).
 - i) Reprimand.
 - j) Suspend all or part of the sanctions up to 90 days.
 - k) Disposition of evidence.
- b. In accordance with the provisions of this policy, an offender may lose all accumulated earned time or good time for certain serious infractions.
- c. The ALJ may reduce the classification of any rule violation from a major offense to a minor offense if the ALJ finds that the documented unique factors of the case make such a reduction appropriate. **(4-4226)**

In such a case, the ALJ may impose or suspend one or more of the minor report sanctions listed in IDOC Policy **IO-RD-02**,

Informal Corrective Action and Minor Disciplinary Reports, or in any minor report procedure established by an institution.

When an ALJ's hearing decision reduces a major report to a minor report, the ALJ's decision shall be the final decision on the matter. An offender will not have the right to appeal such a decision.

3. Major Infractions

a. While it is impossible to define every possible prohibited act or rule violation, the following Major Infractions are prohibited in all IDOC institutions:

b. Rule #

- (1.) Killing
- (2.) Assault
- (3.) Kidnapping
- (4.) Extortion, blackmail, protection (strong-arming)
- (5.) Escape
- (6.) Rioting

- (40.) Misuse of mail, O-mail, telephone, or other communication
- (41.) Inappropriate sexual conduct and sexual violence
- (42.) Security Threat Groups
- (43.) Attempt or complicity

c. Definition of Offenses (By Rule #)

- (1.) Killing - An offender commits killing when the offender non-accidentally causes the death of another person.

Class "A" for all violations.

- (2.) Assault - An offender commits assault when the offender intentionally does any act that:

- a) Causes or threatens to cause pain or injury to another person or which is intended to result in physical contact which will be insulting or offensive to another person.
- b) Applies any physical force or offensive substance (i.e. feces, urine, saliva, mucous) or any other item against any person regardless of whether pain or injury occurs.

Class "A" for assaults on a staff person or if a weapon or potentially infectious bodily fluids, secretions, tissue, or excrement have been used; Class "B" for all other violations.

- (3.) Kidnapping - An offender commits kidnapping when the offender seizes, carries, forces, entices, or in any other manner moves any person from one place to another, or confines another without the person's consent.

Class "A" for all violations.

- (4.) Extortion, Blackmail, Protections (strong-arming) - An offender commits an offense under this subsection when the offender demands or receives money or anything of value in return for:
- a) Providing protection from others.
 - b) Refraining from violent or sexual activity.
 - c) Refraining from informing on another.
 - d) Acting as a "middleman" for someone engaged in any of this activity shall also be punishable under this subsection.

Class "B" for all violations.

- (5.) Escape - An offender commits an offense under this subsection when the offender:
- a) Without proper authority evades a place of confinement.
 - b) Fails to return from an authorized temporary absence such as furlough.
 - c) Fails to comply with a work agreement outside the institution by leaving a place of work without authority or by failing to return at the required time.
 - d) Evades custody while being transported.

Class "A" for all violations.

- (6.) Rioting - An offender commits an offense under this subsection when the offender:
- a) With two or more persons, participates in conduct that creates danger of damage or injury to property or persons and substantially obstructs the performance of the institution functions.

- b) Urges or organizes two or more offenders to intentionally engage in a riot, and such incitement is likely to produce a riot, or once a riot begins, the offender assumes a position of command or instruction in furtherance of the riot.
- c) Fails to return to the offender's own cell in a riot situation upon instruction from staff or upon hearing the riot "whistle."

Class "A" for all violations.

- (7.) Arson - An offender commits arson when the offender intentionally sets fire to, burns, causes to be burned, or by the use of any explosive or combustible device, damages or destroys, or causes to be damaged or destroyed, any structure or property.

Class "A" if the act occurs in an occupied dwelling; Class "B" for any other violations.

- (8.) Robbery - An offender commits robbery when the offender uses or threatens the use of physical force upon another person for the purpose of:
 - a) Preventing or overcoming resistance to the taking of property or to the retention thereof immediately after the taking.
 - b) Compelling the owner of such property or another person to deliver the property.
 - c) The ALJ may modify an alleged violation to this rule to theft under Rule 18.
